

ROBERT GORE MURDER MYSTERY HAS NOT AS YET BEEN SOLVED

Theories of Suicide And Drowning Scouted by The Police.

Officers Now at Work on An Im- portant Clue.

Several Stories Without Foundation are Afloat-- Every Indication That Gore Was Murdered And Body Carried to Licking River-- Funeral Wednesday.

Deeper and deeper grows the gloom of mystery around the death of Robert Gore, the 20 year old son of B. & O. Engineer George Gore, of 76 North Cedar street, whose dead body was found in the Licking river near Swan's blacksmith shop, east of Newark Tuesday.

Every circumstance points to the young man's murder, and Coroner C. F. Legge began a rigid examination at 10 o'clock Wednesday morning, which will not be concluded until every scintilla of evidence bearing on the case has been adduced, with the hope of finding some clue which would lead to the apprehension of the young man's murderer.

As is usual in such cases there are any number of rumors afloat in regard to the whereabouts of the young man from the time he left home last Tuesday until his dead body was found. Many of these were run down by an Advocate reporter and found to be absolutely false, or immaterial in the case.

John McDowell, a farmer, who lives near where the body was found, says it could not have lain there very long, as he forded the creek at this point nearly every day and would certainly have seen the body had it been there. It was lying face upward in about three inches of water, which came up about the ears. The young man's hat was on his head, pulled down tightly on his forehead.

It is certain that Gore did not drown as his arms were not drawn up as is invariably the case with those who meet death in this way, nor were the fingers rigidly drawn. As far as these points are concerned, the body was in the same condition as if he had died a natural death in his own bed. The stomach was in no way distended, nor was there any water in it.

Every indication is that the body was carefully placed where it was found, by some person or persons who wished to get rid of it. Another thing is certain and that is that the young man could not have been dead longer than three days at the most. While the body was slightly swollen, it was not decomposed, and Undertaker Criss says would yet keep for some time. The right side of the head is terribly bruised, the right eye sunken and a mark runs from ear to ear under the neck which looks as if a rope had been placed there, but not clear around the neck, as this mark runs up on either side of the head, along the ears.

The question is, what made this mark? Was the body dragged to the point by the murderers, the rope being used for this purpose? Suicide is precluded either by drowning or hanging. If he suicided in the latter manner he could not have gone to the spot where he was found, and there would have been no motive for any one to have, in that case removed the body. For reasons already mentioned, he was not drowned. There were no footprints near the spot, which would also indicate that the body was placed in the water further up and then dragged to where it was finally deposited.

One rumor has it that Gore was in a certain saloon, drunk, last Friday night, but this can be said to be absolutely false, from the statement of the proprietor and the character of the deceased young man. His intimates say he would never go into a saloon, and that they never knew him to take a drink of any intoxicating liquors. In fact from the statements of neighbors and in fact everyone who knew him, Robert Gore was a most exemplary young man, with no bad habits and as far as can be found, no enemies.

A clue that will be followed is one which may develop something important. Some time ago a man, who is

well known to the police, was arrested for a felony, and bound over to the last grand jury, which failed to indict him, and he was recently discharged from the county jail. At the preliminary hearing Gore was the principal witness against this man, and it is said he made threats that he would kill Gore as soon as he got out of jail. It is further said that this man said to several people last Sunday, "They say I killed Bob Gore, do you believe it?"

Police Chief James Sheridan went to the scene east of Newark Wednesday morning, and made a careful examination of the region and its surroundings.

The funeral took place at 2:30 Wednesday afternoon from the late home, Rev. T. W. Locke conducting the services. Interment was made in Cedar Hill cemetery.

District Attorney Jerome, however, has promised to call the case for trial during November. J. B. Patterson, the prisoner's father, called on the district attorney and told Mr. Jerome that after trying two months he was convinced that he would not be able to furnish the \$20,000 bail for his daughter's release. He pleaded that the case be brought to trial at the earliest possible moment. "I'll try the case for you in the coming month," the district attorney told him.

Office of a Home for Epileptics Was
Raided at Chicago—Books are
Seized.

Chicago, Oct. 19.—The office of a home for epileptics was raided by the police. The books of the institution and the libraries of women solicitors were seized. The raid was a result of an investigation made by Secretary J. A. Egan of the state board of health, who notified Chief of Police O'Neill, charging that the home was a fraud. The home, which is supposed to be in Blue Island, employs 12 women solicitors. In making their rounds they dress in green and white gowns cut after the fashion of the costume of Catholic Sisters of Charity. "The Home" has been in operation two years, and no doubt of its genuineness ever was made public until a pseudo nun made charges against the institution. The 12 solicitors are said to collect from \$150 to \$200 a day.

JUDGE

Receives Reports on Conditions in In-
diana and New Jersey—No Fig-
ures Are Given.

New York, Oct. 19.—The political situations in Indiana and New Jersey were the most important affairs of the Democratic campaign considered by Judge Parker after he arrived here. A report was made to him concerning Indiana by Simon P. Sherin, who was secretary of the Democratic national committee in 1902. It is said the conference did much to shape the contest to be waged by Indiana Democrats for supremacy in the election. The announcement was made by Indians who called on Judge Parker that the prospects of carrying the state as shown by a fourth canvass are encouraging. No figures were given out. In New Jersey the situation is reported to be far more complex than in any other of the doubtful states, and the result more dependent upon the work done in the remaining two and one-half weeks of the campaign. This was the judgment of former Senator James J. Smith, Jr.

Their Clothing.

Under a Mattress and Both
Were Dead.

Shelbyville, Ill., Oct. 19.—Alfred and Charles Peterson, orphans, aged about 10, not relatives, were suffocated in a fire which destroyed the interior of the Middlesworth Orphans Home here, this morning. When found a few minutes later, they had crawled under the mattress of the bed, supposedly of fright. sulted in Fight.

J. Essig, a master plumber, with extorting \$2,700 from him under a threat not to permit work to continue on the Chatsworth apartment house unless the money were paid. On account of the length of time taken for deliberation Weinsheimer and his counsel expected a disagreement or acquittal. When Weinsheimer heard the verdict he trembled and grasped the railing to steady himself. When his pedigree was taken he answered in a voice scarcely audible. His counsel said that he would at once appeal the case on the ground that the verdict was contrary to evidence.

SECY TAFT

WILL BE SENT TO ISTHMUS OF
PANAMA.

Feeling in Panama Against the United
States Most Bitter—Rupture
Barely Averted.

Washington, Oct. 19.—President Roosevelt today instructed Secretary of War Taft, to make a personal visit of the Isthmus of Panama and there confer with the president and other officials of the Panama republic regarding questions arising out of possession by the United States of the canal zone. The secretary will leave probably on November 14 and is directed to take with him such persons as he may desire, for the purpose of assisting him. He has already selected to accompany him, Minister Obaldia, of the Panama republic, and Wm. Nelson Cromwell, general counsel of the new Panama canal company. The instructions are in the form of a letter to Secretary Taft in which he outlines the general policy of the United States government on the isthmus. An open rupture between the two countries has been barely averted. The feeling in Panama against the United States has been most bitter and even goes so far as to occasion threats of dynamiting the canal and resorting to other violent modes of expressing disapproval of the people at the attitude of the United States. It was not until the last ten days that President Roosevelt became acquainted with the seriousness of the situation and determined to investigate the matter.

the Entertainment of the Ohio
Members.

Mrs. Samuel B. Sneath of Tiffin, president of the Federation, presided at a meeting of the executive board last night when the details for the convention were completed. Mrs. Sarah Platt Decker, of Denver, president of the general federation of the United States, arrived this morning. Her address tomorrow evening, at the Grand opera house, will be one of the features of the convention. Airing Divorce Question.

Boston, Oct. 19.—The divorce issue again came before the Episcopal convention, but no final action was taken on several resolutions referring to the subject which were presented. The house of bishops sent a message to the deputies informing them that the bishops had voted to forbid the remarriage of any divorced persons, but when the matter was laid before the deputies on the question of concurrence, Rev. Drs. Lewis Parks and W. D. Huntington, both of New York, immediately set the parliamentary machinery to defeat, or at least sidetrack, the bishops' resolutions. After a brief but spirited skirmish the matter was referred to the committee on canons, from which it can be called at any time. Several resolutions favoring a strict canon on marriage and divorce were referred to a committee.

Registration in Chicago.

Chicago, Oct. 19.—This was the second day of registration of voters, and the result was disappointing to the party managers, as the total registration for the city of Chicago was but 7,840 greater than the registration for the last national campaign. The total registration was 145,312, making a total of 407,579 for the two days. In 1900 the total registration of male voters was 399,765. In this state women are allowed to vote for school officers and university trustees, but they revealed by the registration a falling interest in the issues of the campaign, as but 1,112 women registered this year against 1,627 four years ago.

WEDNESDAY'S RACES

Were Decided Over a Fast Track Before a Good First Day's Crowd--The Weather Was Ideal --Detail Story of the Races.

Every condition prevailing on Tuesday was conducive to the success of the first day of the race meeting under the auspices of the Newark Driving Park Association. The weather was ideal, the track was fast and a large crowd was present. The attendance of ladies was both noticeable and highly gratifying to the management, so much so in fact that it was decided to make Wednesday "Ladies' Day" also, and this fact was announced through the megaphone by Starter Jack, which was received with loud clapping of hands. The north end of the grand stand was filled with members of the fair sex, who enjoyed the races to the utmost. This move of the management receives the endorsement not only of the women but also of everyone who realizes that their presence is not only inspiring but is really a good advertisement for the meeting.

The first race called was the 2:23 pace. Bob L. and Bessie B. opened equal favorites for the first heat at 3 to 2, while Alert Jr. was a second choice well played, but the odds lengthened until 3 to 1 was offered, at which Ginger B. was also held. There was considerable play on the two favorites. They were sent away to a good start, and Allen G., who had the pole immediately went to the front, holding this position when they went past the judges for the first time. In the third quarter Ginger B. went out and opened up a gap of several lengths, and was never headed, winning by several lengths pulled up.

Allen B. and Baby Burns had a pretty race for the place which went to the brown gelding by a head. Bessie L. finished away back in the rack.

The first heat of the 2:14 trot brought out four starters. Cash Jr. was scratched and Charley Atwood added. Blanch K. opened an odds on favorite at 3 to 5, and even at this short price was so heavily played that the odds receded to 2 to 5, and finally she was backed off the board. Some liked Joe Murphy at 6 to 5, and considerable money went in on him at this figure. Blanch K. won, merely jogging under the wire.

For the second heat of the 2:23 pace Ginger B., the winner of the first heat, was installed a 4 to 5 favorite, with varying odds against the others. Alert B. was second choice at 5 to 4 while 5 to 1 and 5 to 1 was posted against Alert Jr. and Bessie Butler respectively. A play was made on Ginger B. and the odds were promptly rubbed and he was sent away with 2 to 5 the best that could be had. Ginger B. went right to the front closely trailed by Marks, while Allen B. had his nose at the latter's sulky. They went past the stand the first time in this order, but going the third quarter Vanatta took Bessie Butler up and got place in a drive from Allen B., the favorite, jogging home several lengths in front of the contending horses.

For the second heat of the 2:14 trot Blanch K. was a prohibitive favorite and the bettors were at sea as to the others, which made it the poorest betting event of the day. In this heat came the first real surprise of the day. Blanch K. was overtaken by Glenwood M. and in a fierce drive through the stretch won by a length from the favorite.

In the third heat of the 2:23 pace Ginger B. was an odds on favorite at 3 to 5 Bessie Butler was second choice for the heat at 3 to 2, and considerable local money went in on the Swisher entry. The heat was won in hellow fashion however, by the favorite, Ginger B. which gave the Delaware mare the race. Bessie Butler was given a great drive through the stretch which she entered in third position, and got the place from Alice Rowmont by a head.

In spite of the fact that Blanch K. and Glenwood M. each had a heat in the 2:14 trot the Smith mare was made an odds on favorite at 2 to 5, while 6 to 5 could be had about Glenwood, the odds lengthening to 7 to 5 and 8 to 5 on him when they left the wire. In spite of the short price against Blanche K. she was again rubbed from the board. She went out and won easily by half a length.

Mr. Marks, the driver of Glenwood M., was cautioned by the judges and went out and won the last two heats of the 2:14 trot and the race. The summaries follow:

Of all the bookmakers ever seen on the local track, the one now there is the worst. He not only makes such a "tight" book that speculation on the part of the public is impossible, but he is slower than molasses in the winter time. In the fifth heat of the 2:14 trot which should have been the betting event of the day he never posted odds until the horses went up the stretch to score down for the world. He took about three bets on the heat and then the horses were off, leaving scores standing around with their money ready to put up. The fellow should be a Sunday school teacher instead of a gambler.

Starter Lew Jack of Blanchester, was warmly greeted by his friends, of whom he has many among the horsemen as well as the public. Mr. Jack understands his business thoroughly, and he does it well. He may at times make a mistake, but he is thoroughly honest, and the drivers know it. As far as favoring a starter is concerned all horses look alike to him and he generally gets them away in excellent style.

Secretary J. M. Farmer as usual is looking after everything and yet is not too busy to be most accommodating to the newspaper men. "Jake" never is in a hurry, and yet the amount of work he accomplishes is remarkable.

It was announced that any horseman who wished to withdraw an entry must do so before six o'clock of the day preceding the race in which his horse was entered, or he would be held for the entrance fee. This is intended to prevent horses being drawn just before a race making it impossible to fill the event.

Not an accident of any kind marred the day's sport on Tuesday. The drivers were careful and the good condition of the track was also a factor.

The 2:12 pace was declared off, as not enough entries were ready to start when the race was called. The management wishes to assure the public that all the other races scheduled will go.

The reason for the calling off of the race was in no way the fault of the management, but was caused by the churlishness of Driver Thomas, who handles Castledown. Only three starters came upon the track when the race was called, and as it is necessary to have four, the management asked the drivers to return to the barn until one heat of the 2:23 pace was decided and that by that time another starter would be added. This Thomas absolutely refused to do, and there was nothing left but to call the race off.

Racing Notes.

One of the pleasant features that will be in evidence each day of the meeting was the presence of the Buckeye Band, under the leadership of Mr. Will Reynolds the cornetist. The band occupied seats in the grand stand and rendered many selections during the afternoon which showed that the organization has made great improvement, and is now to a point of really artistic excellence.

The 2:14 trot had a bad look after the third heat. Blanch K. took the first heat in comparatively slow time. The second heat went to Glenwood M. in 2:18 1/4, and the easy manner in which the stallion won, impressed the judges. The Smith mare won the third heat in 2:20 with Glenwood second. The judges called Mr. Marks, driver of Glenwood, to the stand and told him he would have to drive the fourth heat to win or trouble would ensue. Marks went out and won the heat easily, as he did the fifth heat and the race. The judges are determined that the public shall be protected.

REGISTRATION DAYS

Every voter in the city of Newark is required to register this year in order to enable him to cast his ballot this fall. Everybody who is by reason of age, legal residence and other qualification of citizenship, eligible to vote for President, Tuesday, November 5, 1904, **MUST REGISTER** anew this year, regardless of any and all previous registrations.

The days for registration are as follows:

Thursday, October 20.
FRIDAY, OCT. 28.
SATURDAY, OCT. 29.

Why the Name of the Club Should be Jefferson.

It was peculiarly fitting and proper for the Newark Democrats to name the club which they organized Tuesday night the Jefferson club. Jefferson Democracy is the very antithesis of Roosevelt Imperialism. One hundred years ago the friends of Thomas Jefferson honored and adored the name Democracy, and they gloried in it all the more because the old Blue Light Federalist of that day reproached the name Democracy and treated it with ridicule and ignominy. And now in the year 1904, there is a candidate before the people for the Presidency who has defamed the life and character of Thomas Jefferson as no other American writer or speaker has done. That candidate is Theodore Roosevelt. He has vilified Thomas Jefferson in every imaginable way.

In Roosevelt's "Winning of the West," "Naval War of 1812," and "Thomas H. Benton" he denounces Jefferson as "vacillating," "timid," "shifts doctrinaire," "incompetent," "ungrateful," "intriguing against Washington," "secretly aiding the French," his influence "distinctly evil," declaring that he was "constitutionally unable to put the proper value on truthfulness," and that he was the most incapable Executive that ever filled the Presidential chair.

Every Democrat, therefore, can take special pride this year in voting against Roosevelt because he can feel that in doing so he is honoring and vindicating the name of Thomas Jefferson. And this is why there is a peculiar fitness on the part of our Democrats in naming their organization the Jefferson club. Chairman McDonald, of the Democratic Executive Committee, made this fact impressive and effective in his remarks at the Tuesday night meeting favoring the name of Jefferson for the club.

Unequal taxation is robbery. Republicans admit that there are inequalities in the Dingley tariff schedules. Therefore they admit that unequal and unjust taxation is robbery. To tax one citizen for the benefit of another citizen or class of citizens, has been declared robbery by the supreme court of the United States.

Greedy Wayne County Republicans.

Republicans of Licking county might as well be off the map for all they get out of this Congressional district since W. L. Smyser is running it. Let us see what Wayne county has had and what the brethren in Licking have:

Adjutant General—Critchfield, Wayne county.

State Central Committeeman—Bryson, Wayne county.

Delegate to the National Convention—M. L. Smyser, Wayne county.

Candidate for Circuit Judge—Frank Taggart, Wayne county.

Candidate for Congress—M. L. Smyser, Wayne county.

Now, what have the Licking county Republicans got in the way of district favors? 0 0 0 0 0 0 0 0.

A row of goose eggs from the district and a measly little job of Porter in the State House. It was Licking county's turn for the delegate to the National Convention and the county was unanimous for Mr. C. D. Watkins. But greedy Mr. Smyser showed his hostility to Licking county by entering into a deal to rob Licking county of this honor and so took it himself. After election Smyser will continue to wipe his boots on Licking county Republicans, but now, of course, he is trying to whip them all into line to lose himself for Congress.

Foraker to the Fore.

How the Republican heart in Ohio thrills with enthusiasm for Foraker! Hanna is dead and Foraker is "it." Herrick is insufficient and Dick cannot begin to equal the dashing senator who has run from every fight with which his cohorts have been confronted during the past seven years.

Foraker is being hailed now, since Hanna's death, as the whole thing in Ohio politics. He is the high card with the Roosevelt administration. What Foraker says goes in this state. When Joseph says "thumbs up," up will go the thumbs of the czar who now reigns at Washington, and vice versa. The success of Roosevelt in November would mean the ascendancy of Foraker in Ohio politics, and his domination in Republican affairs in this state for years to come. The fondness of Roosevelt for Foraker is one of the anomalies of American politics. Roosevelt of course never liked Marcus A. Hanna. He hated Hanna because Hanna had power. Hanna wouldn't, and never did, bend the knee to Roosevelt. Foraker did. Therefore Roosevelt loves Foraker and grants Foraker all he asks.

Foraker, as all know, lent his sanction to the opposition to Hanna in the memorable senatorial election in 1897-98. Foraker was willing that Hanna should be defeated. He was too cowardly to take active part but held aloof from the contest. He "saw" his supporters and retainers part way and then deserted them. It was during the crucial part of that memorable fight early in January, 1898 that Foraker sneaked through Columbus and couldn't be "seen" by friend or foe. Not a word of encouragement for Hanna who was the regularly nominated candidate of the Republicans for the senatorship. Not a word of encouragement for the men who had the hardihood to oppose Hanna, simply because Mr. Foraker expected the favor of Hanna if the latter were elected. But Hanna was elected and Hanna was supreme while living. Now he is dead. Foraker is brave, vocal, noisome. "A living dog is better than a dead lion," and if Foraker lives long enough and the Roosevelt administration lasts long enough maybe Mr.

WHICH ROOSEVELT?

The Question for Workingmen of all Parties to Consider.

At the great meeting of the Democracy at Madison Square Garden on Monday night, former Congressman John E. Lamb, of Indiana, was one of the principal speakers and next to Judge Herrick, the Democratic candidate for Governor, made the "hit" of the evening. Mr. Lamb said in part:

"I came here tonight from the State of Indiana, bearing you good tidings. As you are aware, away back yonder in the days of 1874 Indiana was the lone star state in the West, which assisted you to elect Samuel J. Tilden President. We stood with you in 1884; we stood with you in 1892 and we intend to stand with New York in 1904.

WHICH ROOSEVELT?

"Out in Indiana we have been inquiring which Roosevelt the Republican party stands for. Is it Roosevelt, the free trader of 1884, or Roosevelt, the stand-pat protectionist of 1904? Is it Roosevelt, the Civil Service reformer of his state papers, or the Roosevelt whose Federal Postmasters throughout the length and breadth of this Union are tonight engaged in attempting to debauch the ballot box? Is it the Roosevelt who joined the Locomotive Firemen's Union at Chattanooga, or the Roosevelt who declared for the open shop in Washington City?"

"There is not a laboring man, a clerk, a cashier or bookkeeper in the great city of New York who does not know that he pays nearly double now what he paid four years ago for everything that supports his family, while his wages have remained as they are, have stood pat or else have been reduced under the Roosevelt Administration.

"There is not a farmer in the mighty State of New York who does not know that he pays more for his plow, nearly double, manufactured by an American manufacturer, than the Englishman across the water or the Boer in South Africa pays for the same plow under the tariff legislation of the Republican party. The steel rails, under the manipulation of the Steel Trust, and the steel should be spelled with one 'a' instead of two 'e's.' you can buy American rails tonight in the Liverpool market for \$8 a ton less than the New York railroad builder can buy the rails at his own door.

"Now, my friends, I don't know what you call that in New York. But in the Hoosier State we call it grand larceny. Oh, yes, but say our Republican friends, our candidate is a trust huster. Yes. Are you for the Roosevelt who authorized the suit against the Northern Securities Company by Attorney-General Knox, or are you for the Roosevelt who authorized his Attorney-General to say the next day after the decision that he did not intend to run a muck, and that the trusts were safe in the hands of their friends?"

"I appeal to every man who believes that when the Boer was fighting for his liberty in Africa he should have had at least a word of sympathy from Roosevelt, the man who butts in everywhere. He could have spared the time to write a line in behalf of those struggling people, but for the lash of his British cousins on the other side of the water.

"Of course the President has had time to interfere with the little Government of Columbia in order to get the Panam Canal. He has had time to interfere in all the scrambles on the other side of the water, but had no time to interfere when a Republican Governor in Colorado declared marital law and made bull pens for the American citizens born in the image and likeness of Almighty God, and that, too, without the right of trial by jury.

"I appeal to every laboring man throughout the length and breadth of this land, as far as my voice will reach, when he goes to the ballot box in November to remember that Roosevelt and Peabody adorn the SAME TICKET in Colorado.

"You know, you Democrats know, that our Republican friends have always styled themselves the God and morality party and yet the other day I picked up a newspaper and you may imagine my surprise when I found that my friend and fellow citizen, Senator Fairbanks, the Republican candidate for the Vice Presidency of the United States, was traveling in the same car and making speeches from the tail end of the same train in Utah with Smoot, the Mormon Apostle.

"ROOSEVELT AND PEABODY IN COLORADO, FAIRBANKS AND SMOOT IN UTAH—WHICH WILL YOU TAKE?"

Our Candidate for Recorder.

Mr. Jacob M. Farmer, the candidate of the Licking County Democracy for the office of recorder, is a faithful and bustling young Democrat, who everyone knows and everyone likes. Clever, accommodating and popular, no man in Licking county stands better in the public estimation than does Jacob Farmer. Born and raised on a farm, some miles east of the city of Newark, in good old Hanover township, Mr. Farmer has always known what it is to work, and is emphatically a self-made man. He is full of life and energy and is as genial as he is energetic, having hosts of friends in both parties. A life-long Democrat and coming from good, old Democratic stock, Mr. Farmer has always been thoroughly in accord with the principles of the Democratic party and a hard and faithful worker for Democratic success. He certainly deserves well of the party he has served so long and so faithfully.

As secretary of the Licking County Agricultural Society, Mr. Farmer has performed invaluable service for the farmer and the agricultural interests and the business interests of the city and county, generally. He has been painstaking and untiring in his efforts to make our annual Licking County Fair a success and the splendid results that have followed—as amply witnessed in our recent successful fair—are largely due to his intelligent and tireless efforts as secretary of the board.

The rapidly increasing population

All Humors

Are impure matters which the skin, liver, kidneys and other organs can not take care of without help, there is such an accumulation of them.

They litter the whole system. Pimples, boils, eruptions, loss of appetite, that tired feeling, bilious turns, fits of indigestion, dull headaches and many other troubles are due to them.

Hood's Sarsaparilla and Pills

Remove all humors, overcome all their effects, strengthen, tone and invigorate the whole system.

"I had salt rheum on my hands so that I could not work. I took Hood's Sarsaparilla and it drove out the humor. I continued its use till the sores disappeared." Mrs. Iza O. Brown, Rutherford Falls, Me.

Hood's Sarsaparilla promises to cure and keeps the promise.

of Newark and Licking county and the rapidly increasing number of transfers, in the shape of deeds, mortgages, leases, etc., make the office of County Recorder one of constantly greater difficulty and importance. Mr. Farmer will come to the office fully prepared and equipped to properly perform its laborious and important duties. Careful and painstaking, prompt and accurate, Mr. Farmer is polite and accommodating and will make a worthy successor to Licking county's present most efficient recorder, Mr. J. W. Rutledge. Mr. Farmer is a man who takes a great pride in his work and labors to perform it faithfully and well. The important public interests that center in the recorder's office will be safe in his hands.

REGISTER TOMORROW, OCT. 20.

Herbert Welsh, the well-known political reformer of Philadelphia, hitherto a Republican, has written and printed an open letter in opposition to the election of President Roosevelt and advances two strong reasons for Roosevelt's defeat. These are the President's complete subservience to Senator Quay in the distribution of Federal patronage in Pennsylvania and his co-operation with Secretary of War Root, Senator Lodge and other prominent Republicans in the suppression of the truth as to the use of Spanish torture by the army in the Philippines. In conclusion Mr. Welsh says:

"Does not the distinct reputation by the Democratic party of the creed of imperialism, and the high, sober character of their nominee, offer precisely the antidote to what is to be feared and opposed on the Republican side? Democratic victory would serve the double excellent purpose of giving strength to an opposition party—which can only be acquired by occasional victory, and which is most necessary to a healthful political state. It would also afford the tonic of defeat to the Republican party—a thing equally necessary for its purification and the welfare of the country."

Election Superintendent Morgan of New York, has aroused the Democracy by an audacious attempt to intimidate Democratic voters, and so preventing their registration. On his orders registration was denied thousands of Democrats, including well-known citizens. This has had a boomerang effect, and has inspired the Democrats to more determined work. Superintendent Morgan has been called off by his Republican allies. In his efforts to disfranchise Democrats, carelessly and because they are Democrats, he has created a revolt among all independent voters.

Wilson Azbell Prostrated and Has a Hemorrhage When Told of His Son's Death.

Lancaster, O., Oct. 19—Shock of the news of the awful death of his son, Wilson Azbell, whose brains were dashed out by a bursting emery wheel Monday, may likely cause the death of Harrison Azbell, father of the boy. When notified of his son's death he was nearly prostrated and shortly after noon, suffered a severe hemorrhage, caused by nervous shock, and is in a serious condition.

From the analysis' researches at the Chartreuse distillery it appears that more than 100 plants are utilized in the composition of the liquor. Aromatic plants which are peculiar to the district are indispensable. Similar plants gathered elsewhere are useless.

An Afro-American stock company, composed of negroes, has been organized in San Bernardino, Southern California. It proposes to bring to that part of the state all the Southern negroes who have the will and the money to make themselves independent as ranchers and orange growers.

I have been weak and sickly for the past four years, caused by irregularity and carelessness regarding the laws of health, but about five months ago my condition became very serious. I had severe backache and suffered a constant dull pain in my head. I spent weary, painful days, and miserable, restless nights. The doctor told me that I must have patience.

His medicine did not, however, give me even temporary relief and as I had been told of the curative qualities of Wine of Cardui I decided to try it.

I found that it relieved me of pain. As my general health improved my other troubles were gradually diminished and after five weeks' use of the Wine of Cardui I was once more a well and happy woman.

THE FUNERAL

And Burial of the Late Mrs. T. E. Harwood at Springfield, Ohio.

The Springfield Gazette contains the following concerning the funeral of the late Mrs. T. E. Harwood, who died at her home in that city a few days ago. As Mrs. Harwood formerly resided in Newark, and was well known here and Mr. Harwood is also a former resident of Newark, having learned the printing trade in The Advocate office, it will be read with special interest.

"It was touching in the extreme that the house which, of all others, Mrs. Harwood desired to visit and in which her interest largely centered, while yet the privilege was denied her, should be the scene of these last attentions which is permitted the living to accord to the dead. And it is pleasant to think that the spirit so recently departing the tenement of clay may have been present in the sacred precincts on the solemn occasion.

"After prayers at the residence on

South Fountain avenue this morning, the remains of Mrs. T. E. Harwood were borne to High Street M. E. church where, by her dying request services were held conducted by her pastor, Rev. Dr. John A. Story, who preceded the casket on entering the auditorium reciting the words: 'I am the resurrection and the life.'

"Many friends, including not a few men, assembled to show their respect for the memory of one whom they had known and loved so well.

"The space in and about the altar and pulpit was filled with flowers and floral pieces of rare beauty, among them being tokens from the church, from the Chautauqua circle, the city publishers, employees of the T. E. Harwood Co., and many individual friends. Upon the casket rested a beautiful wreath of fragrant lilies of the valley and a large cluster of chrysanthemums.

"The quartet sang a favorite hymn of Mrs. Harwood's, 'Jesus, Lover of My Soul,' and the pastor read selections of scripture accompanying the reading with extended remarks upon the beautiful life of the deceased, first as a Christian woman and devoted worker in and for the church and then as a wife, mother, neighbor and friend. Dr. Story read passages from the well-read and well-loved Bible which was Mrs. Harwood's constant helper and which showed the reality and strength of her religious convictions. He also spoke tenderly of her last hours, full of trust and concern only for church and family from which she was about to be separated. One incident may be related here. While Mrs. Harwood was at Cincinnati she was a source of help and comfort to the attendants who delighted, when not on active duty, to go to her room and sit in conversation with her, seeming to derive help and rest thereby. After a prayer in which the bereaved circle was feelingly remembered, the quartet sang, 'Lead, Kindly Light,' and the service closed with benediction.

"At Ferncliff burial was made after a short prayer and committal."

DR. GLADDEN

Resigns as President of the American Missionary Association at Des Moines.

Des Moines, Ia., Oct. 19.—Rev. Washington Gladden of Columbus, O., has resigned the presidency of the American Missionary Association, perhaps the greatest home missionary organization in the country. The new duties of moderator of the Congregational national council forced Dr. Gladden to give up the less important office.

Professor W. E. B. Dubois, of Atlanta university, created a sensation by a statement in his address that the rise and education of the ambitious young negro student is a menace to the security and class superiority of the rich, the well born and the white. He said the negro problem is only a phase of the greater problem of class distinction. The greatest crime of the United States he said, is stealing, which is manifest in the arrogation of special privileges by the well-to-do of the white over the poor and black men.

Disappearance Caused Anxiety to His Friends, but He Appeared Today.
Local Railway News.

W. L. McIntosh, a well known B. & O. brakeman of this city, who has been missing since early Tuesday morning, appeared this morning. He left Newark Tuesday morning on the annual local with Conductor Roebuck, and the last that was seen of him was at Summit Station, a few miles west of this city. Shortly after the train left that place he was missed. The crews of the east bound trains were notified and requested to keep a lookout for him, as it was thought that he might have fallen from the train. A telegram was received at the B. & O. headquarters last evening saying that nothing had been learned of his whereabouts up to 8 o'clock. His absence occasioned considerable anxiety.

Score Was Regular.

The executive committee of the Ohio State Rifle association decided at its meeting Monday afternoon that the score of Lieutenant Richards at Newark was regular. A cartridge choked his rifle on the regimental skirmish contest. The range officers decided that his individual skirmish score should count for both. A protest was made by a member of the Sixth regiment, but the committee held that as the shooting was under the orders of the range officers, it was regular and should count—Columbus Press Post.

HAPPENINGS OF THE COUNTY

CLAY LICK.

Mr. and Mrs. Jeff Cartual of Bell-air were the pleasant Sunday guests of the former's parents, Mr. and Mrs. Jesse Cartual. Jeff is an old Clay Lick boy and is succeeding in life because of his splendid qualities of mind and heart.

The Clay Lick mission held a meeting of unusual interest Sunday evening.

Messrs. Charles Flowers, Wm. Jones, C. M. Johnson, Henry Myers and John Wilson were Clay Lick people who went to Newark Saturday.

Messrs. John Bagant, Jesse Miller and Mac Mossman, together with the Misses Alice Thompson and Hattie Thompson attended the meeting in Newark Saturday evening.

Clay Lickers rejoice because of having the most beautiful, picturesque village in the county.

The superlative need of Clay Lick is a commodious, well appointed church building in which all denominations could worship.

A grand old fashioned Democratic meeting will be held here on Friday evening, October 25. This meeting promises to be the greatest held here for a long time. Clay Lick Democrats are strong in the faith of Democracy, and can always be found doing their duty.

A most delightful social time was had at the home of Mr. and Mrs. John Thompson last Thursday evening. The diversions of the occasion were plays, conversation, etc. Those who participated in the festivities of the occasion were Misses Blanche Miller, Mabel Bagant, Hattie Thompson, Mabel Thompson, Cassie Bagant, Hattie Kennedy and the Messrs. Jesse Miller, John Bagant, Mac Mossman, Sam Miller, Rattler Simpson and Mr. and Mrs. Homer Hileary and Mrs. John Bradley.

Among the numerous candidates on the county Democratic ticket is our own splendid citizen and Democrat, Mr. J. C. Morrison. If the people all over the county knew Mr. Morrison as do the people of Clay Lick his majority would be at least 5,000, for here practically all, irrespective of politics, are for him with magnificent enthusiasm. Your correspondent who has known him for many years predicts his election by a great majority, probably 1500. Mr. Morrison is thoroughly honest, is affable and has the interests of the people at heart and will make an ideal infirmity director.

MALARIA IN THE SYSTEM

Holly Springs, Miss., March 24, 1905. While building railroads in Tennessee some twelve years ago a number of hands contracted fever and various forms of blood and skin diseases. I carried S. S. S. in my commissary and gave it to my hands with most gratifying results. I can recommend S. S. S. as the finest preparation for Malaria, chills and fever, as well as all blood and skin diseases. W. I. McCOWAN.

I suffered greatly from Boils, which would break out on different parts of my body. I saw S. S. S. advertised and after using about three bottles I was cured, and for the last three years have had no trouble whatever. A. W. ZIEGLER, 217 Read St., Evansville, Ind.

I began using your S. S. S. probably ten years ago for Malaria and blood troubles, and it proved so good that I have continued ever since using it as a family remedy. It is a pleasure for me to recommend S. S. S. for the benefit of others who are needing a first rate blood purifier, tonic and cure for Malaria. Arkansas City, Ark. C. C. HEMINGWAY.

Boils, abscesses, sores, dark or yellow blotches and debility are some of the symptoms of this miserable disease. S. S. S. counteracts and removes from the blood all impurities and builds up the entire system. It is guaranteed a purely vegetable remedy. Write for medical advice or any special information about case.

RUSSIA

(Continued from Page 1.)

received that the Jap left flank has been driven back with heavy loss, and its retreat cut off. A Russian regiment is now being hurried to the scene in the hope of completing the rout.

Lone Tree hill, that had been captured by the Russians after a terrific struggle, was the object of a gallant but unsuccessful attempt at recapture by the Japanese. In spite of the awful slaughter with which they had been driven from the hill, the Japanese returned to the charge during the night of Oct. 17, realizing that the hill was the key to the position on the southwest front. Nine regiments participated, creeping up through the night and delivering a furious assault at dawn. But the hill had been bought too dearly by the Russians to relinquish it, and the Japanese were driven back with terrible slaughter. The battlefield of Lone Tree hill presents the most awful spectacle that can be conceived. Russian and Japanese dead are mingled in heaps in inextricable confusion. The ground is strewn with broken rifles that had been smashed in hand-to-hand fighting. Everything seems to have been utilized as weapons.

The storming of Lone Tree hill for valor and slaughter will occupy a place by itself in military annals. Kuropatkin, under whose eye the assault was made, rechristened it Poutloff hill, in honor of the man who led the attack at the head of Second brigade of the East Siberian rifle division, and who was subsequently decorated on the field with the St. George's cross. The hill is a precipitous rocky height, and although the Japanese occupied it only a short time they had thrown up very strong defenses. The river running at its foot increased the difficulty of the task, but it was scaled and carried successfully against the unprecedented opposition of a Japanese division of 14,000 men with many guns. The Russian losses were terrible. The fighting on the crest of the hill was altogether with cold steel.

St. Petersburg, Oct. 19.—The news that General Kuropatkin has resumed the offensive has caused much jubilation throughout the nation. Correspondents at the front the last 48 hours had been hinting that the Russian army was on the eve of another advance, but it was thought here that the troops were too exhausted by more than a week of Titanic struggle to engage in an immediate advance movement. Therefore the news of the definite resumption of the advance was calculated to arouse the greater satisfaction.

The emperor has received a telegram from General Kuropatkin reporting that the Russians are moving forward. The reverse sustained by General Yamada's column has not yet been reported by General Kuropatkin or General Sakharoff, except in a reference to an unsuccessful Japanese attack near Shakhe. A Mukden newspaper dispatch evidently refers to this affair in reporting that the Japanese left had been beaten off with terrible slaughter and its retreat cut off by a Russian army corps. Another dispatch from Mukden confirms the news of the Russian advance. There is no official confirmation here of the report from Tokyo that a Russian attack on the Japanese right on Oct. 17 had been repulsed. If this report should prove true it may involve serious consequences for the Russians who crossed the Shakhe while the river was fordable. According to Mukden dispatches the water has since risen man high in consequence of heavy rains, and therefore it will be well nigh impossible for the Russian army to recross the river owing to the absence of bridges.
